## DJ Flexure

Byron Lee aka DJ Flexure came to Sydney in 2013 with a dream to DJ professionally, having been drawn into the party music scene earlier through a love for hip-hop and urban music. Growing up an advanced student of classical piano, but with little other musical exposure, the pop, rock and dance music worlds, when discovered by him in the late 90s, represented a beacon of self-expression that captured his imagination. DJ Flexure began his DJ career in 2005, successfully playing urban and retro music at many private parties until 2006, when the burden of a full-time career unfortunately relegated the pursuit of music to a hobby.

However, after performing as a finalist in the massive Your Shot DJ competition in Sydney in 2015, DJ Flexure was able to build connections in the local industry and transform this exciting hobby and passion into something of a career. With increasing exposure to electronic and house music, DJ Flexure was able to diversify and broaden his musical scope of understanding to a level where every party could be conquered.

DJ Flexure has played successfully at a number of well-known venues around Sydney, including Home Bar, Greenwood Hotel, Scary Canary, The Bristol Arms Rooftop, Cohi Bar, Hillside Hotel, Australian Hotel and Brewery, The Ranch Hotel, Hillside Hotel, Infuse Nightclub, and many private events, including being a regular performer on Vagabond cruises. He has appeared as a performer at the massive Oktoberfest in the Gardens event at Hyde park, and was also a finalist at the Ranch DJ Competition in 2016.

Today, with a wide range of music styles at his fingertips, a high level of musical IQ, turntable skills and ability to read a crowd, DJ Flexure is an exciting, versatile and entertaining party rocker who will stop at nothing to keep the dance floor pumping. DJ Flexure especially loves to show his skills with his preferred genres of Urban (hip-hop/RnB) and Deep House/Tech House/Nu Disco. DJ Flexure is always excited to play at new events and parties, and is always working on increasing his range as a DJ. He also is learning to produce music, with longer term aspirations of also becoming a music producer.
